

Dear Members,  
One of our long time members, Chrissi Brunkow, has been diagnosed with mesothelioma, a very serious cancer. Her family & friends have set up a website to raise funds to provide Chrissi with the care she needs to survive this cancer. We are holding a zumbathon to raise funds for her. Please come along! You can get more information on [www.chrissifund.com](http://www.chrissifund.com) or donate there if you are unable to make the event.
